

ZK21 A standard parameter

Technology specification	ZK2102Ax2		ZK2103Ax2
Spindle head number	2		2
distance between spindles mm	120	180	180
drilling hole diameter range mm	3-20		8-30
max drilling depth mm	440/950/1450/1950		440/950/1450/1950
Drilling bar box spindle rotate speed(stepless) r/min	800-7000		600-6000
Drilling bar box spindle driver motor power	4kW×2		5.5kW
Headstock spindle speed(fixed value) (standard configuration is with headstock) optional without headstock	600	600 r/min	
Headstock spindle motor power	3 kW		2.2 kW
Cutting tool feed speed range (stepless) mm/min	5-500		5-500
Cutting tool Feed carriage rapid moving speed m/min	3		3
Cutting tool Feed motor torque Nm	7.7		10
Coolant system pressure range MPa	1-10		1-10
Coolant system flow range L/min	6-100		6-150
Machine tool total power (about)	24 kW		28 kW
Overall dimension (L×W×H)	4050/5050×4050×2050		4050/5050×4050×2050
Total weight (about)	6t/7t		6t/7t
