Model	DT-20/30/50/100W
Laser wavelength	1064nm
Laser power	20W 30W 50W 100W
Repetition frequency	0-100KHz
Minimum line width	0.012mm
Marking range	100mm*100mm-300mm*300mm
Marking depth	≤0.4mm (by materials)
Marking speed	≤1000mm/s
Repeatability	±0.001mm
Power supply requirement	110V/220V/single-phase/50Hz/3A
Total Power	500W (power saving)
Cooling method	Built-in air cooling
File format	All font/ font of WINDOWS operating system font library
Operating system	Windows latest system win10 system
Computer	Yes
Red laser target	Yes

- *Standard accessories:*

  Galvanometer, field lens (100x100 or 150x150), Control card and software, red light marking range indicator, foot switch, Hexagon wrench, protective glasses, Aluminum fixing bar, Hexagon socket screws, u disk

- *Optional accessories:*

  Red light focus indicator, Rotary table, two-dimensional table, Electric lift function, Siemens electrical components, field lens (200x200, 300x300)
