

MODEL

INFINITY WS2006

Weighing Indicator

Applications

- Bench and floor scale

Standard Features

- Large 0.8" Superior Green LED -6 digits -x10 times High Resolution Display Stainless Steel casing
- Bright 0.8" RED LED for ABS plastic casing
- Display 0 to 99,999 FS
- 2 Route RS232C - format
- Live (animal) Weighing
- Auto and Manual Accumulation
- Counting, Peak(hold) functions
- Meets OIML Class III requirements
- Versatile stainless steel tilt stand
- Battery operation

Specification	WS2006
Display	0.8" Superior Green LED -6 digits -SST 0.8" Bright Red LED -6 Digit - ABS Plastic
Division	1/2/5/10/20/50/100,200,500 0.1/0.2/0.5/0.01/0.02/0.05
Maximum Display	99 999 divisions
A/D Converter	100 000 counts at 40 times per second
Load cell	drive 4 of 350Ω load cell
Communication interface	2 route RS-232C interface
Voltage	220 - 240V AC. Internal rechargeable 6V DC Battery
Storage-humidity	≤70% RH Non-Dew
Operating humidity	≤90% RH Non-Dew
Storage-temperature	10°C ~ +50°C
Operating temperature	0°C ~ +40°C
Fuse	1 A
Physical Dimension	220 x 140x 130 mm -sst 256 x 165 x 130 mm - ABS plastic
Weight	1.7 kg (with battery)
