TO WHOM IT MAY CONCERN

Skywest Airlines Pty Ltd have used the services of Ultra Shine Aviation, on our aircraft, for the past 15 years. We currently have 5 Fokker 50's and our paint surfaces are being polished with Ultra Shine Aviation Pro-seal paint sealant. The paint sealant process provides a high gloss and easy removal of carbon exhaust from painted surface and simplifies cleaning.

We find the sealant and its accompanied process to be cost effective and it allowed us to extend our repaint program markedly. Ultra Shine Aviation also provides exterior washing on a daily basis and clean the interior of our aircraft after each day's flying.

We are more than satisfied with the process, products and the quality of work and recommend the Company's services.

Yours sincerely

David Thomas
Manager Engineering
