UEN No. 200311967G

MATERIAL SAFETY DATA SHEET

PRODUCT: PURE™ Range of Aroma Concentrate (Extra Strong)

1. Identification of the substance/preparation and company

Compound Name : Aroma Concentrate (Extra Strong)

2. Hazards identification

Health Hazards : Product is used in Aroma diffusing device as air freshener. No specific health hazards are encountered under normal product use.

3. Composition/information on ingredients

This material is a fragrance compound, the composition of which is confidential business information.

4. First-aid measures

Ingestion : Rinse mouth with plenty of water & obtain medical advice immediately.

Inhalation : No known hazards.

Skin Contact : Wash off with water, using soap if available.

Eye Contact : Remove contact lenses (if any), rinse opened eye for at least 10 minutes under running water. Obtain medical advice if any irritation or evidence of tissue damage persists.

5. Fire-Fighting Measures

Extinguishing Media : Water spray, dry chemical or CO2 fire extinguisher.

Special Protective Equipment : Exposed fire fighters should wear approved self-contained breathing apparatus with full face mask and full protective equipment.

6. Accidental release measures

Wash off spillages with water.

UEN No. 200311967G

7. Handling and storage

Storage Conditions : Store indoors at a constant temperature, if possible, preferably in well ventilated conditions.

General Handling : Handle in accordance with good occupational hygiene and safety precaution practices in well ventilated areas.

8. Exposure controls and personal protection

Exposure Controls : Maintain adequate ventilation.

Respiratory Protection : Not generally required. (Use inhalation protection in poorly ventilated areas.

Hand Protection : Wear chemically resistant disposable gloves.

Eye Protection : Wear safety goggles.

Skin Protection : Wear overalls. Always wash routinely before breaks, meals and at the end of the work period.

9. Physical and chemical properties

Appearance : Light Yellow – Orange Liquid.

Odor : Characteristic

Viscosity : Not determined.

Flash point : > 100 °C

Explosive properties : None expected.

Oxidising properties : None expected.

Refractive index : 1.3776 – 1.3976 @ 20°C

10. Stability and reactivity

Stability : Stable under normal conditions.

Material to avoid : Strong oxidizing materials.

11. Toxicological information

Non-toxic product.

UEN No. 200311967G

12. Ecological information

Bio-degradable and no known harmful effect.

13. Disposal considerations

Dispose of in compliance with local regulations.

14. Transport information

Shipping Information: Not regulated by IATA/ICAO for ground, air or ocean shipments as commodity is Non-DG goods.

15. Regulatory information

Not controlled. Hazard – None

16. Other information

Country of origin: Singapore Expiry Date: None

The use of this product is not limited by IFRA guidelines.

This material is for use in Aroma diffusing device as air refreshing products.
